September 10, 2015

Jennifer Falcon,

Congratulations! On behalf of the conference organizers of WIDE-EMU 2015, we're pleased to announce that your proposed Talk session entitled "Continuing the Conversation: Empowering Students through Self-Reflective Multimodal Assignments" has been accepted for our conference program.

Jasmine,

Registration should be done individually, (basically just to give us headcount for coffee and room space). Because of the nature of WIDE-EMU, we don't make decisions on time or presentation order. We urge people to participate in phase 2, so they can build their own panels and decide how they want to divide the time. This is an unconference, so our participants determine how their sessions will run. Include how much time you would each prefer to present with your phase 2, and we can go from there when building the schedule.

We are looking forward to having you here.

Howard Fooksman
